PATIENT PARTICIPATION

Ravenswood
Medical Practice

AIM

To ensure that patients are involved in decisions about the range and quality of services and (in the future) commissioned by their Practice.

Ravenswood
Medical Practice

It is expected to promote the proactive engagement of patients through the use of effective Patient Reference Groups (PRGs) and to seek views from practice patients through the use of a local practice survey. The outcomes of the engagement and the views of patients are to be published on the Practice website
